

# Fly Ash Exports from India

28 April 2025

## Quality Standard

We supply premium quality Class F and Class C fly ash sourced from top Indian manufacturers, fully compliant with international standards (IS CODES IS 3812-1981).

Our fly ash is processed to ensure consistent fineness, pozzolanic activity, and chemical stability, making it ideal for use in construction, concrete production, roadworks, and specialized industrial applications.

## Chemical & Physical Properties

Class C Fly Ash*	Class F Fly Ash*
High CaO (>10%)	Low CaO (<10%)
Moderate $\text{SiO}_2 + \text{Al}_2\text{O}_3 + \text{Fe}_2\text{O}_3$ (50–70%)	High $\text{SiO}_2 + \text{Al}_2\text{O}_3 + \text{Fe}_2\text{O}_3$ (>70%)
Slightly coarser	Fine particle size
High early strength	High sulfate resistance

*\*Reach out to us for more detailed composition and specifications.*

## Shipping & Logistics

- Shipping Terms: FOB Site
- Packaging: Bulk or Jumbo Bags
- Lead Time: 2–3 weeks from order confirmation
